

RAGHAVAREDDY VIGNESH REDDY

Programmer Analyst Intern, Cognizant

Chennai, India | raghavareddyvignesh@gmail.com | linkedin.com/vigneshr124 | Phone: +91 8919871966

SUMMARY

Final-year Computer Science Engineering student with hands-on experience in building scalable microservices and AI-driven applications. Proficient in React, Node.js, and Spring Boot with a strong foundation in Java and RESTful API development. Experienced in delivering production-ready solutions through internship and project work.

TECHNICAL SKILLS

Languages:	Java, Python, SQL, JavaScript
Frontend:	React, Vite, Tailwind CSS
Backend:	Spring Boot, Node.js, REST APIs, Microservices
DevOps & Tools:	Docker, CI/CD Pipelines, Git Version Control, GitHub Actions
Core Concepts:	Data Structures & Algorithms, OOP, DBMS

EXPERIENCE

Programmer Analyst Intern | Cognizant Jan 2026 - Present

- Developed and maintained scalable backend services using microservices architecture to improve system modularity
- Designed and implemented RESTful APIs enabling efficient communication between services
- Actively participated in Agile sprint cycles, contributing to code reviews, debugging, and feature development
- Completed hands-on training and applied backend development concepts by contributing to microservices-based project modules

PROJECTS

Smart Job Assistant – AI Resume Analyzer & Interview Bot

- Built an AI-powered career assistant integrating Gemini/OpenAI APIs for resume analysis, ATS scoring, and intelligent rewrite suggestions
- Implemented semantic job matching using skill-based embeddings to improve recommendation accuracy
- Developed an AI mock interview system providing real-time feedback and adaptive questioning
- Tech: React, Node.js, MongoDB

FoodChainX – Farm to Table Supply Chain System

- Designed a microservices-based supply chain management system to optimize farm-to-table operations
- Implemented service discovery and API routing using Spring Boot for scalable inter-service communication
- Developed modular components for inventory tracking and order management to improve system efficiency

EDUCATION

B.E. Computer Science Engineering | R.M.K College of Engineering and Technology Oct 2022 - Present
CGPA: 7.72

CERTIFICATIONS

Google Cloud Computing Foundations - NPTEL
Python – NPTEL

PROFESSIONAL STRENGTHS

- Strong problem-solving approach with focus on real-world application development
- Adaptability in learning new technologies and integrating them into projects
- Experience working in Agile environments with effective team collaboration
- Emphasis on writing clean, scalable, and maintainable code
